

HEALING HURT
PEOPLE @ RUSH
NO-COST THERAPY AND
CARE-MANAGEMENT
SERVICES FOR THOSE
IMPACTED BY GUN
VIOLENCE

Rush is excited to announce a new specialty clinic for community members who have been impacted by gun violence. The clinic offers psychotherapy and care management services via virtual and in-person appointments - all at no cost to our patients. Our program is supported by Cook County, the U.S. Department of the Treasury, and generous philanthropic donors.

Our therapy and care management services are evidence-based practices, developed and proven effective at Rush.

Please contact us at **(312) 563 - 0575**, and we will reach back to you as soon as we can.

We are currently only able to offer services for adults (18+ years). We are unable to provide psychological assessments, long-term therapy, crisis services, and psychiatry (treatment with medication) appointments. However, our care management team may be able to help you connect to these resources and more. For virtual care appointments you must have a functioning webcam to participate. For technical MyChart assistance, contact MyChart support at (312) 563-6600.

**OUR SERVICES - NO COST
TO PATIENTS**

- Talk therapy for trauma-related mental health concerns
- Assistance in connecting to local resources for needs including housing, food, and medical care
