## **I Am Currently Enrolled in Student Health Insurance. Why Has the Cost Increased From Last Year?**

If you noticed a slight increase in your insurance premium for the 24-25 academic year, this adjustment is a proactive measure, a joint decision by AHP and your institution, in response to the rising cost of health care nationwide. Rather than compromising the quality of coverage, we have chosen to slightly raise the premium, ensuring that you can continue to enjoy the same high-quality coverage you are accustomed to.

We send emails to all currently active students. If you are not enrolled in classes next term due to graduation, no action is required from you. And if you are currently enrolled in the student health insurance plan, you will be discontinued from coverage and will not be charged next term. The fall coverage period ends Dec. 31.
